## SUBJECT INDEX

Canadian Journal of Animal Science, Volume 66, 1986

- Absorbion, **331, 1172**  
Acclimation, **338**  
Acid-base, **341, 1203**  
Acid detergent lignin, **1202**  
Acidulated fatty acid, **1185, 1204**  
Additive, **1207**  
Adipocyte, **1190**  
Adipose tissue, **1188**  
Adrenal axis, **1189**  
Age, **325**  
Aggression, **321**  
Air movement, **1159**  
Alfalfa, **1204, 1205**  
    chlorophyll in pasture bloat, 97  
    silage intake and plasma amino acid response in lambs, 1029  
Alfalfa hay  
    digestibility of barley straw or alfalfa hay, 151  
Alfalfa silage, **339, 1195**  
    duodenal amino acid supply with alfalfa silage, 1019  
Amine, **1199**  
Amino acid, **118, 1019, 1183, 1186, 1187, 1194, 1197**  
    duodenal amino acid in sheep, 951  
    duodenal amino acid supply with alfalfa silage, 1019  
    hydrolyzed soybean meal for mink, 515  
    nonessential nitrogen for broilers, 1097  
Ammoniation, **1196, 1202, 1204**  
Anaesthesia  
    assessment of a catheterization procedure in rats, 553  
Androgen  
    androgens in the developing bull, 975  
    androgens, LH and FSH in developing rams, 67  
Androstenone, **327, 1169**  
Anemia  
    folic acid during gestation and anemia of piglets, 523  
Antibiotics on lactate production from starch, 129  
Antinutritional factor, **330**  
Antipyresis, **1187**  
Approach for nursing  
    piglet response to sow vocalization, 537  
Arganine, **1182**  
Atropine, **336**  
Awn, **1200**  
Backfat, **328, 1202**  
Bacteria, **1176**  
Barley, **330, 339, 346, 1177, 1196, 1207**  
    composition of grain screenings, 473  
    nutritional value of grain screenings, 483  
Barley (high moisture), **1186**  
Barley (moldy), **1179, 1183**  
Barley straw, **1204**  
    digestibility of barley straw or alfalfa hay, 151  
Barrow, **1169**  
Bean, **1181**  
Beef, **324, 339**  
    changes in animal product composition, 23  
    consumption of animal products, 11  
    densely seeded corn for beef production, 431  
Beef bulls, **1167**  
Beef calves  
    early weaning in beef cows and calves, 349  
Beef cattle, **341, 346, 1157, 1161, 1162, 1202, 1207**  
    bovine blood composition, 915  
    comparison of timothy and meadow foxtail pasture, 463  
    early weaning in beef cows and calves, 349  
    factors affecting preweaning growth in beef calves, 381  
    minerals in cattle hair, 1141  
    NaCl in supplements for beef cattle, 423  
    predicting constant finish traits of beef cattle, 1125  
    pretest herd effects on station performance test, 925  
Beef grading, **1170**  
Beef quality, **1166**  
Beef twins  
    embryo transfer twins, 373  
Behavior, **317, 318, 319, 320, 321, 1157, 1160**  
    piglet response to sow vocalization, 537  
Bentonite  
    spent canola bleaching clay, 191  
 $\beta$ -carotene, **335, 340, 344, 1182**  
 $\beta$ -glucan, **1186**  
Bile, **1198**  
Bioenergetics, **1161**  
Biological constraints  
    on nonruminant productivity, 877  
    constraints to ruminant production, 859  
Biopsy  
    liver biopsy instrument for large animals, 1137  
Biotin availability, **1180**

Page numbers in bold face refer to abstracts.

- Bird feeding  
  sunflower genetic resistance to blackbirds, 19
- Bison  
  carcass characteristics of, 293
